

Preschool Program

2025-2026

Welcome to Kids Garden's Preschool program! We are so thrilled that you are joining us!

Our Preschool program was designed with parents in mind. When I opened Kids Garden in January 2021, I knew that parents needed more supportive and flexible childcare options. The pandemic reshaped our lives, and I witnessed many working mothers pause or forego their career due to a lack of childcare. In the new work from home (or wherever!) age, parents need more convenient and flexible childcare without sacrificing quality of care or education for their child.

With a newborn in tow, I left a corporate career to address this gap - - developing a program that offers parents flexibility to choose a program that best fits their schedule throughout each season of life, all while feeling confident their child is in a safe and nurturing learning environment, where children learn through creative arts and hands-on play.

Now as a mother of two (that was fast! LOL), I personally rely on Kids Garden and the support of our amazing teachers. Watching my child's development after a year in Kids Garden's Preschool program has been an absolute joy and affirmation that Kids Garden truly provides parents flexibility AND peace of mind.

This school year, we look forward to supporting our parents and watching your children BLOOM in our growing garden!

Peace, Love, Play!

Meet our Team

Mrs. Kimi
Managing Owner

After a career in Human Resources, Kimi understands the stress and demands of a busy work and family schedule. As a mother herself, Kimi recognizes the need for the flexibility and peace of mind that Kids Garden provides. Kimi graduated from Mississippi State University with a degree in Marketing. Prior to opening Kids Garden Kimi worked at Oasis Petroleum. Kids Garden is her “second career” in which she has been able to fulfill her goals of helping other parents as they navigate work/life balance.

On occasion, you may see Kimi’s husband, Paul, in the Learning Center handling IT issues and routine maintenance. When he is not standing in as our repairman or front desk clerk, Paul is a consultant with Alvarez & Marsal.

Mrs. Ruth
Director

Ruth has been with Kids Garden since the very beginning and her leadership and love for teaching has blessed our center immensely. Prior to working at Kids Garden, Ruth nannied for 7 years while attending The University of Houston. While nannying, Mrs. Ruth began to adopt a Montessori approach in her children’s homes and grew her interest in early education.

When she is not at Kids Garden, Ruth enjoys spending time outdoors with her husband and two “Fur Babies.” Mrs. Ruth is always bringing the “outdoors in” at Kids Garden and enjoys sharing her collections of rocks and insects.

Our Teachers are qualified early childhood educators and caregivers, who provide a safe and nurturing environment for children to thrive, create, and discover. All staff are background checked and CPR/First aid certified. We are committed to continuing education and attend Reggio Emilia Conferences and Rice University’s Early Literacy Conference, annually.
